

Shoe Last Rack

3' Wide x 4' High

Get Organized

Holds About 40 Pair Lasts

Easy to Move

Start with pre-cut 1x12
Pine Boards from the
lumber yard.
9 - 3' long
2 - 4' long
2 - 8' - 1 x 2s for shelf supports

Started with 4 plastic milk crates stuffed with
a full size run of shoe lasts in 2 widths.

Cut 1x2 shelf supports to
length and mount them
to the 4' side panels.

Attach 3' shelves to both
side panels.

Mount the 2 1/2" free
spinning casters to
the bottom corners.

Screw 4' x 2' plywood
panel to lower back
section for stability.
